

## Pump Performance Test Stand

### CAPABILITIES:

- Ability to test an individual pump or an entire packaged system
- Max 15,000 PSI (Higher Pressure Upon Request)
- 500 Gallon Water/Glycol Tank
- 200 HP/1750 rpm Motor
- 10 Speed Gear Box: 142 - 1798 rpm
- Back pressure valves available
  - Hydroplex HR-20P - 20,000 psi
  - Skoflo multi-bank - 15,000 psi
  - FMC Choke - 15,000 psi
- MP Autoclave/Autoclave Hose Discharge
- Cooling/Heat Exchanger
  - 7.5 hp Air Exchange Unit
  - High Flow Shell & Tube Water Cooled Heat Exchanger
- Temperature Sensors
  - Inlet to Test Pump
  - Return to Tank
- Operating Temps: 30° to 110° F
- Liquid Filtration to 3 Microns
- ARO 1.5" AODD Charge Pump
- Suction Side Pulsation Dampner
